LANGUAGES

English ━━━━━━━━━━━━━━━

PROFILE

Frontend Developer with two years experience in building responsive and user-friendly web applications. Proficient in React, NextJS, TypeScript, and Tailwind CSS. My main focus is creating clean and maintainable code. I have strong communication and collaboration skills gained through working in teams. Skilled in translating design mockups into functional and visually appealing interfaces.
Passionate about staying updated with the latest frontend technologies and trends

----

WORK EXPERIENCE

Frontend Developer Intern

BellBank Microfinance Bank   Nov 2024 - Present (remote)

- Translate Figma designs into responsive, beautiful, and functional web apps with ReactJS
- Write unit tests for components to make sure the app works as intended and reduce bugs
- Implement image optimization which increases performance by 20%
- Collaborate with backend developers to consume APIs

Intern Frontend Developer

HNG Tech   Jan 2025 - April 2025 (remote)

- Worked in an agile and fast-paced environment with daily stand-ups and check-ins.
- Collaborated with designers, devops, developers, VEs, PMs to build a live product MVP, Gradific, that solves real life problem of having to manually grade hundreds and thousands of people
