## WORK EXPERIENCE

### Bellbank Mfb — *Frontend Developer*

December 2024 - Present | Hybrid

- Translate Figma designs into responsive, pixel-perfect web applications using React, TypeScript, and Tailwind CSS as the core stack
- Optimize websites for performance, load time, and SEO
- Develop modular components and maintain a clean, scalable codebase with TypeScript and Vitest
- Collaborate cross-functionally with backend engineers to integrate APIs efficiently
- Consistently deliver features ahead of schedule in an agile environment, contributing to timely product releases

### HNG Internship — *Frontend Developer Intern*

February 2025 - April 2025 | Remote

- Contributed to the development of **Gradific**, an AI grading platform for schools, bootcamps, and internships
- Worked in a fast-paced agile team, participating in daily standups and iterative development
- Translated Figma designs into pixel perfect, and responsive on all screens using NextJS, TypeScript, and Tailwind CSS
- Collaborated with product managers, BEs, VEs, DevOps, and UI/UX designers bring the product to life
